INTRODUCTION

Welcome to my portfolio! I'm Nyiko Mathebula, a passionate and innovative IT specialist with a strong background in multimedia. As a proud graduate of Tshwane University of Technology, I've developed a unique blend of technical skills, creativity, and passion for excellence.

With a relentless pursuit of innovation and a commitment to staying at the forefront of the latest technologies, I'm dedicated to delivering high-quality results that exceed expectations. Explore my portfolio to discover my expertise in multimedia, and let's collaborate to bring your vision to life!

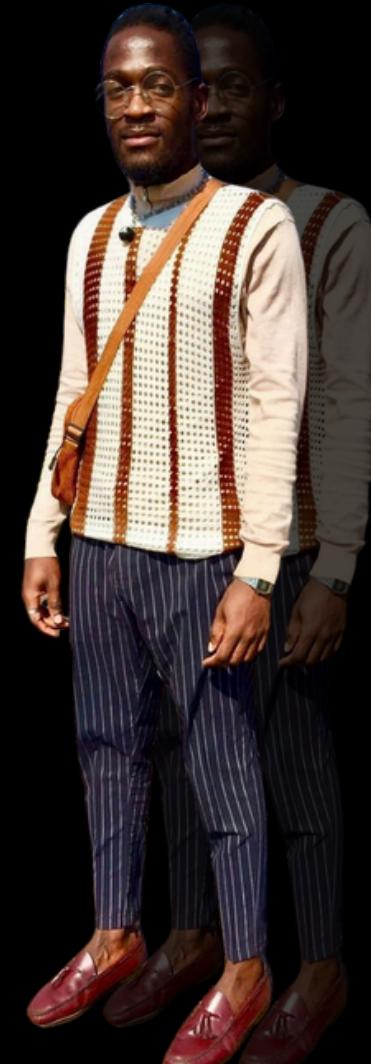

ABOUT ME →

A JOURNEY TO MY WEB PROFILE  2025

As a driven and ambitious graduate of Tshwane University of Technology, I'm excited to embark on my professional journey in graphic design and web development. With a solid academic foundation and extensive knowledge in both fields, I'm eager to secure an entry-level position in a dynamic and innovative environment.

Throughout my academic journey, I've developed strong critical thinking skills, algorithmic thinking, and attention to detail. Participating in various competitions has refined my skills, taught me the importance of effective communication, teamwork, and continuous learning.

I'm drawn to the ever-evolving field of IT, where innovation and creativity thrive. I'm excited to contribute my skills, enthusiasm, and passion for excellence to a forward-thinking organization.

PROJECT 02

DIGITAL MARKETING AND MEDIA

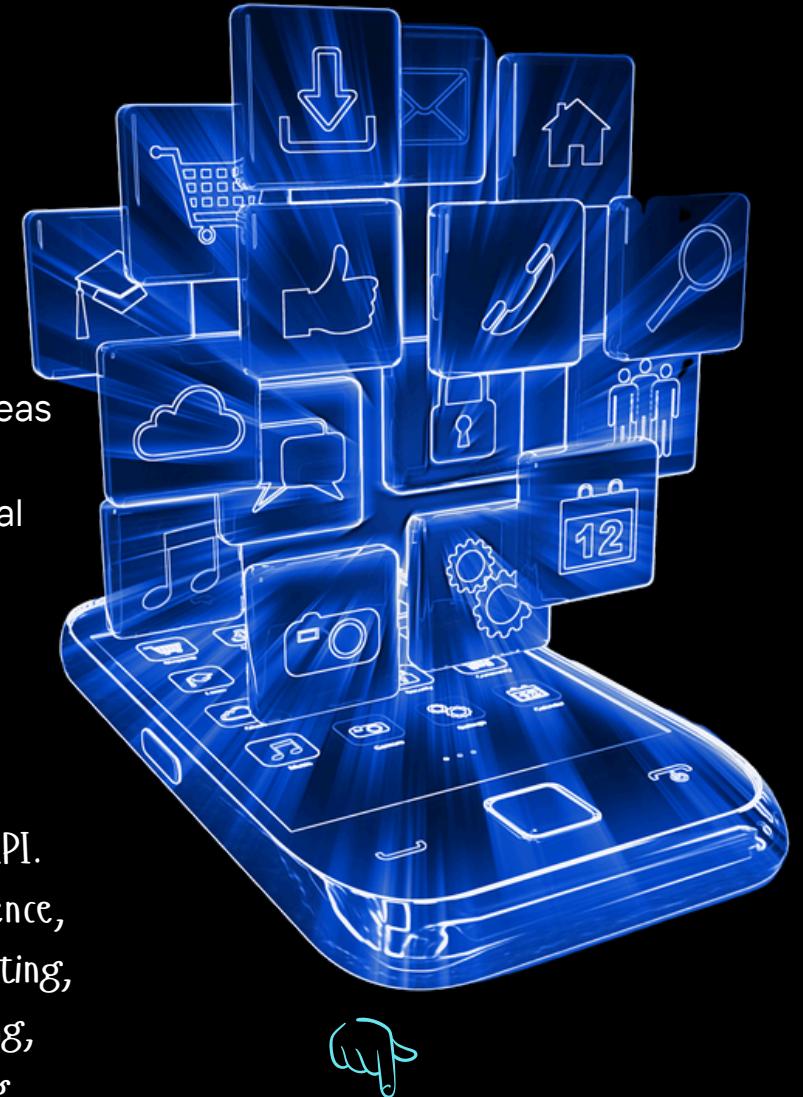

Marketing is the process of promoting and selling products, services, or ideas to a target audience. It involves understanding the needs and wants of the target audience and creating a message that resonates with them. The goal of marketing is to create a mutually beneficial exchange between the organization and the customer, where the customer receives a product or service that meets their needs, and the organization receives revenue and loyalty
